

If you were one of your students, would you be inspired by your surroundings?  
Is your learning environment stimulating, comfortable and safe?

## Great Floors has your answer!

### IT'S ELEMENTARY, START WITH THE RIGHT PRODUCTS...

Whether you're a facilities manager, capital improvements manager or a maintenance supervisor, you don't need an Ivy League budget to look like a million bucks. You should however, be looking at your learning space differently than you did a decade ago and investing in it versus merely spending money on it. We know that you don't have the budgets you once might have had, but know you still need a floor that will stand up to the constant foot traffic and daily abuse of your students. Thankfully, you won't need a Ph.D. when it comes to selecting the correct flooring for your school environment because Great Floors is here to help. We are one of the largest floor covering companies

in America with 18 convenient Northwest locations. We offer literally thousands of flooring options, from carpet to hard surfaces, including rubber flooring, ceramic tile, multi-purpose products and many, many... more.

### GET A GREAT INSTALLATION WITH MINIMAL DISRUPTION...

We know that how your floor is installed can greatly impact its performance. Great Floors uses the latest technologies and craftsmen to ensure a proper, successful, and safe installation. We also know that installing a new floor can be a distraction to your students and staff. That's why, at Great Floors, we believe in total project management. We will handle your entire project from planning to execution, including moving your furniture or providing a furniture lift system for your workstations and library stacks, removing your existing flooring, and installing your new product. And we'll do the job in a timeframe which least impacts your

students and staff, including after-hours schedules and/or weekend schedules to minimize disruptions and distractions.

### AND...CARRY A 4.0 WHEN IT COMES TO MAINTAINING YOUR FLOORS...

A standard maintenance program can keep your school from looking too "old school." A properly maintained floor also promotes the health and well-being of your students and staff. Great Floors Maintenance Services will help you devise a cost-effective maintenance plan and ensure that the maintenance service you receive will produce the best results for your floor. Our flooring maintenance services will keep your floors looking and feeling new for years and years to come.
